Profile

With almost 20 years of multilateral lighting industry experience, I bring a wide range of technical proficiency to the table. My extensive background allows me to efficiently tackle problems by pulling from a wide breadth of knowledge of lighting and networking. I enjoy and have been lucky to travel extensively with my job and work very collaboratively with crews and people from around the world. My love of problem solving and continually learning overlaps with my love of my job which makes me an involved, engaged, and valuable participant of productions I'm involved in.

Experience

Dancing with the stars (Let's dance) Live Tour, satis&fy AG, 2019 - Present
